

Service update from Wealthtime

Despite the challenging times, we want to reassure you that we continue to operate business as usual with no impact to the running of our day to day business

We have a number of team members working from home and we are currently operating reduced team numbers in the office which means there will be a reduced telephone service between 12.30pm-2.30pm while our team take their well-earned lunch breaks and you may reach our voicemail.

If you prefer not to leave us a voicemail or need to contact us during this time, we ask that you use our secure message service and one of our team members working remotely will be happy to assist and call you straight back.

We will continue to provide you with regular updates on our website www.wealthtime.co.uk but if you have any questions please do ask.

Best wishes and good health
The Wealthtime team
